

WE ARE YOUR BEHAVIORAL & MENTAL HEALTH STAFFING AND RECRUITMENT SPECIALISTS

WHO WE ARE

When we started this business four years ago, we realized how unique the mental and behavioral industry was and how much help was needed to match the ideal candidates with the perfect positions. As we delved into the mental and behavioral space, we realized these companies didn't need just another staffing agency, they needed a full service staffing and recruitment solutions provider.

While still based in Colorado, we are a national recruitment outsourcing organization, focused on developing long-term hiring solutions for mental and behavioral health employers.
